

COUNTY OF LOS ANGELES - DEPARTMENT OF MENTAL HEALTH

Long Beach Child and Adolescent Program

VACANCY ANNOUNCEMENT

Medical Case Worker I/II

This is not an official examination bulletin

The Long Beach Child and Adolescent Program is seeking a qualified, motivated individual who has experience working with and providing triage, case management, and rehabilitation services to children, youth and their families in outpatient mental health setting.

DESIRABLE QUALIFICATIONS: The program is seeking a highly motivated, self-directed professional with excellent oral, written, interpersonal and clinical skills. Previous experience working with children and youth is preferred. Bilingual Spanish speaking is a plus.

EXAMPLE OF RESPONSIBILITIES:

- Participate in interdisciplinary team meetings and case conferences.
- Provide case management services to families and individuals.
- Serve as Officer of the Day and provide screening/triage services for walk-in clients; handle screening and triage for clients/families calling the clinic for mental health services.
- Complete clinical documentation and other administrative documentation.
- Perform other duties as assigned by Program Head or her designee.

Please fax or email resume and copies of last two performance evaluations to:
